Dear Parent,

Thank you for your interest in 4-H.

4-H provides a unique environment where youth can try new things, make new friends, and discover new possibilities. Through 4-H, your child will explore leadership, teamwork, citizenship, and community service. The values and skills that youth gain as a 4-H’er will help them become their best selves today and in the future.

4-H gives youth the chance to discover what they want to do and who they want to be, to connect with others in a supporting environment, and to take action to make the world a better place. It also provides the foundation they need to fearlessly make their own path in the world. There is something for everyone in 4-H, from hands-on science to art activities to exploring the outdoors and their own community.

Don’t forget our 4-H summer camps! North Carolina 4-H has five resident camps - Camp Swannanoa in Buncombe County, Camp Millstone in Richmond County, Camp Sertoma in Stokes County, Camp BJP in Rockingham County, and the Eastern 4-H Center in Tyrrell County.

Be on the lookout for more information about our local summer fun programs and resident camps. Meanwhile, young people can join 4-H right now and get started on their 4-H journeys. To learn more about your local 4-H program, turn this sheet over. On the back you’ll find your local 4-H agent’s name and contact information along with a fun, hands-on science experiment.
